

# Intelligent Enterprises Are Integrated Enterprises

SAP's Integration Plan in the Cloud

As of February 2020

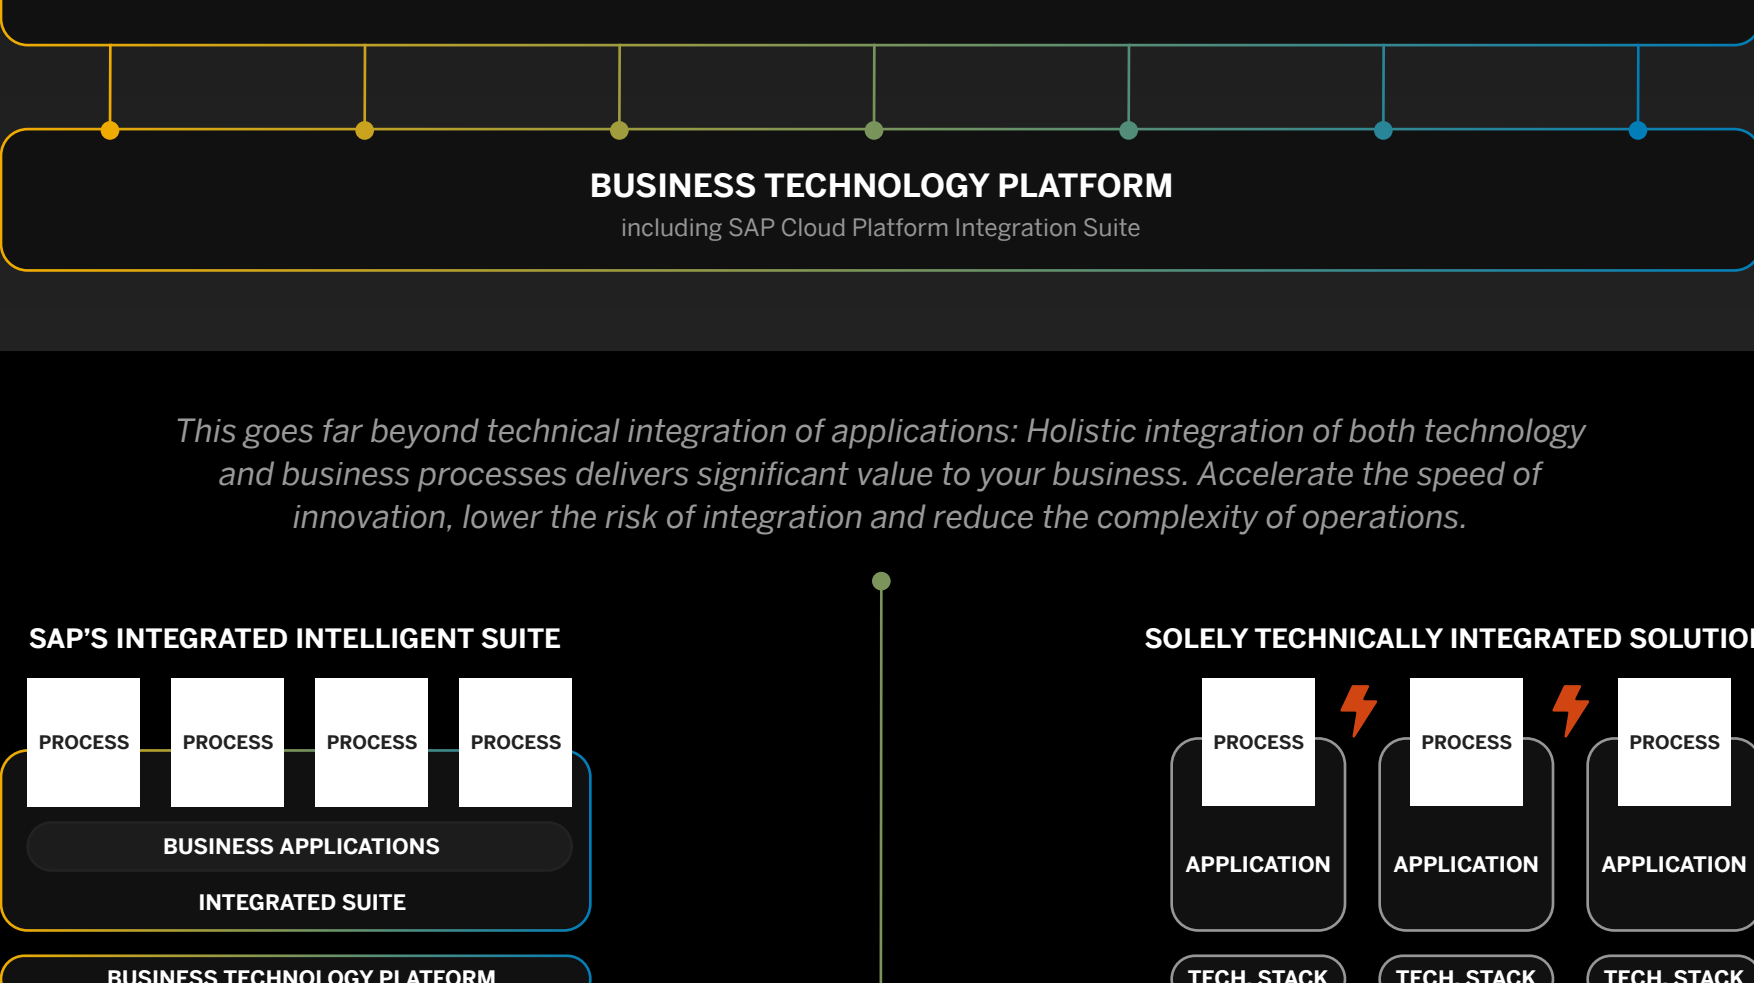

Listen, understand, and act upon market and customer-specific requirements to manage experiences end to end.

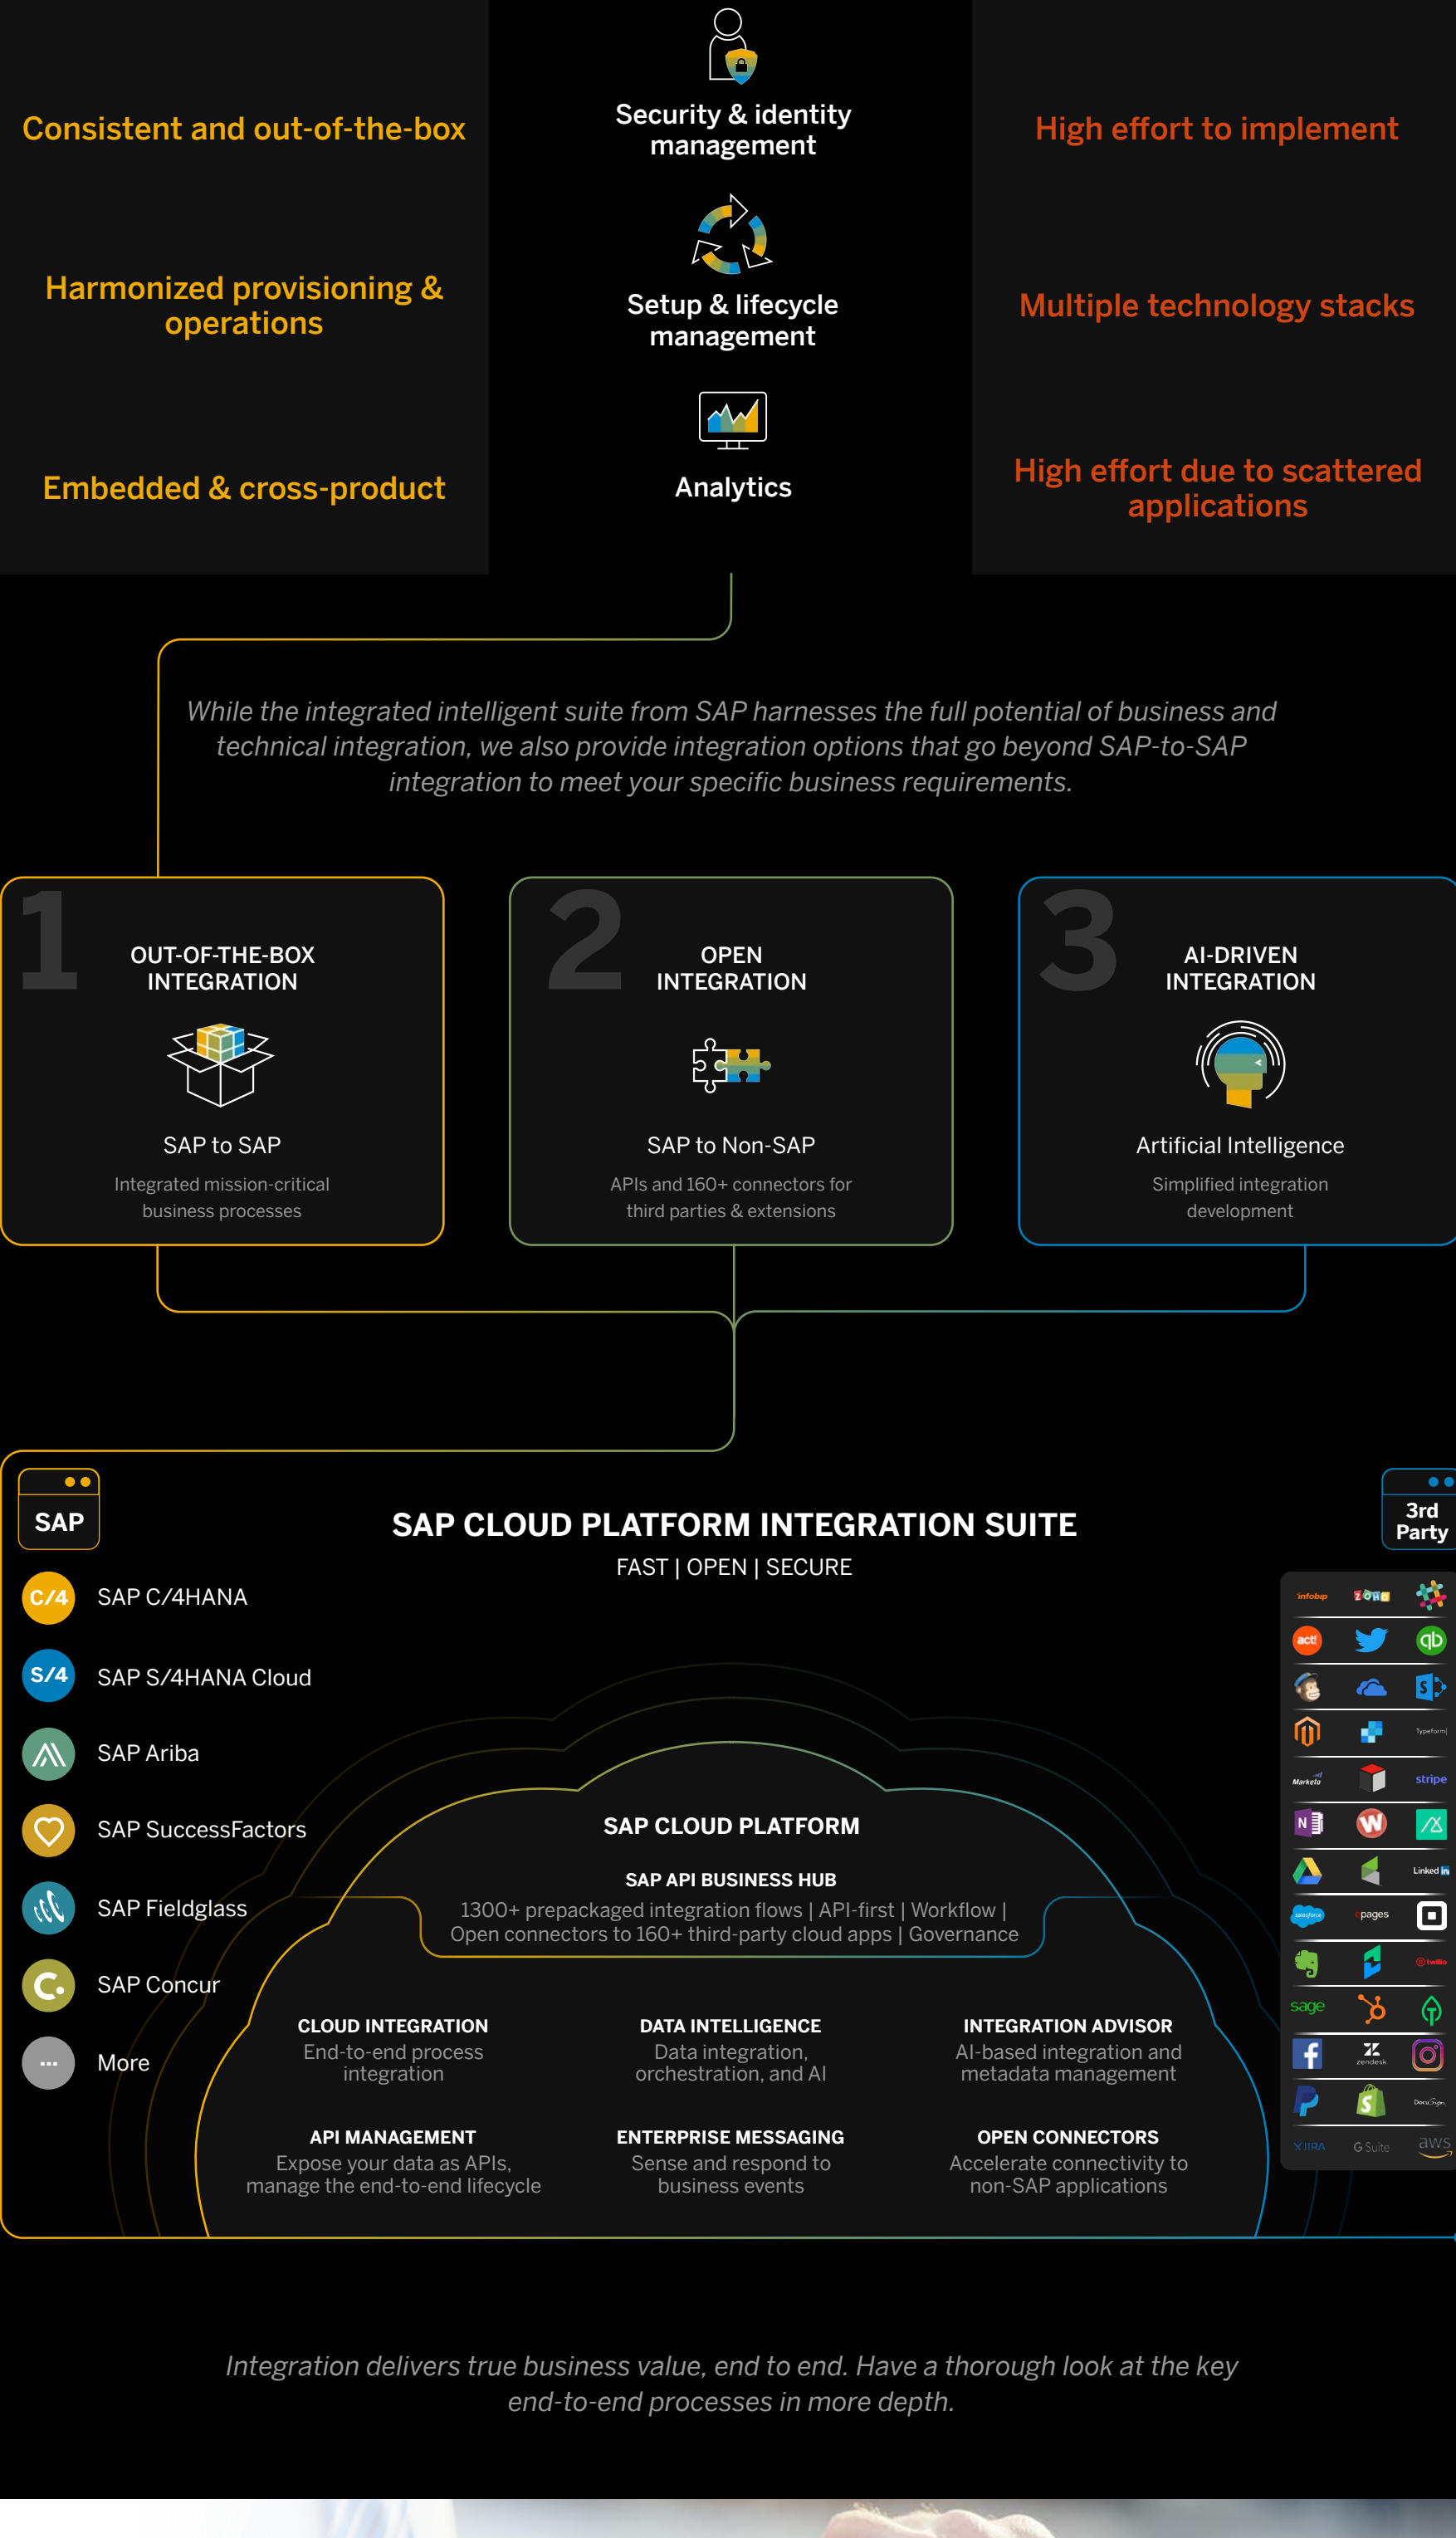

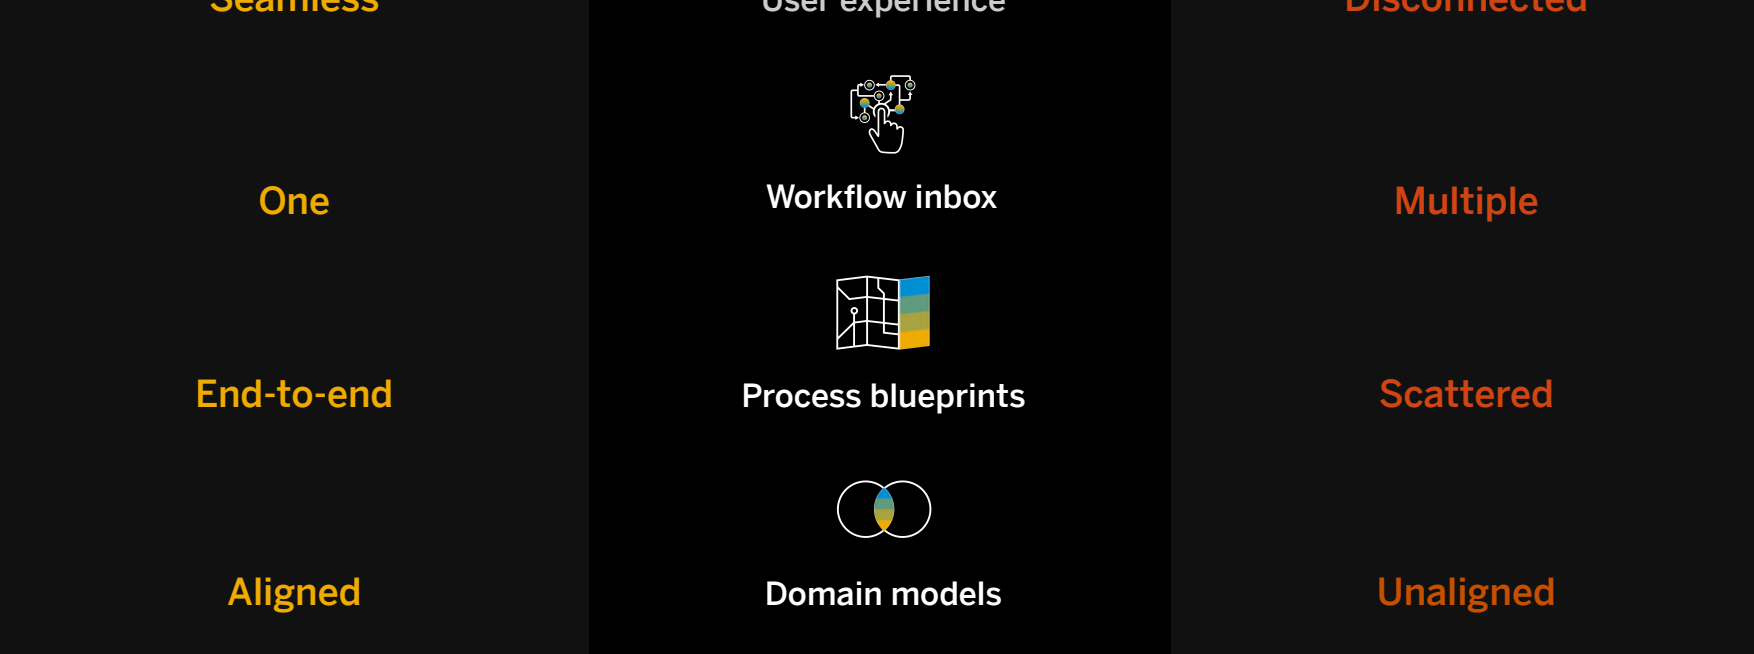

SAP introduced distinct suite qualities that facilitate a seamless integration of end-to-end business processes, spanning across our integrated intelligent suite solutions as well as third-party solutions.

## SAP'S INTEGRATED INTELLIGENT SUITE

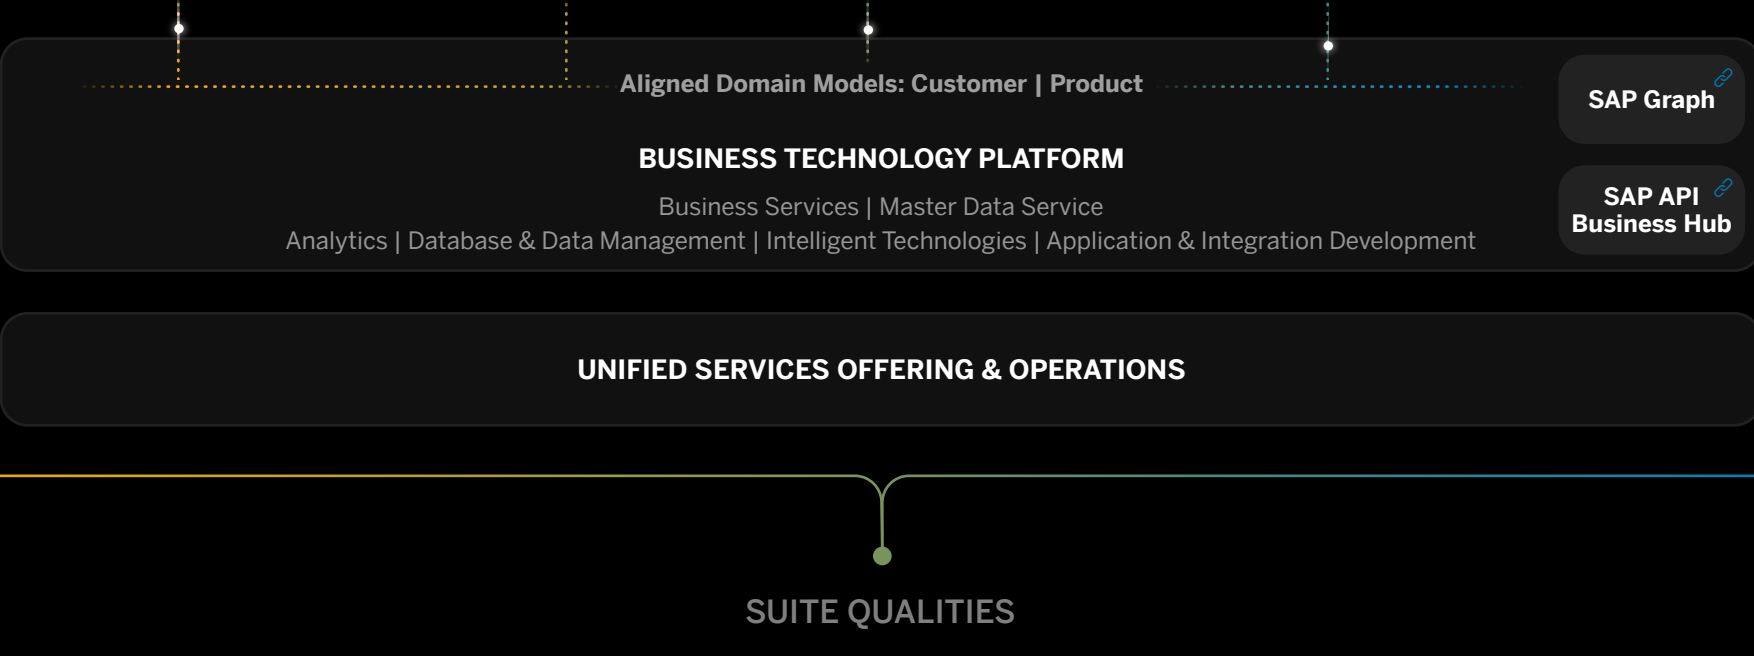

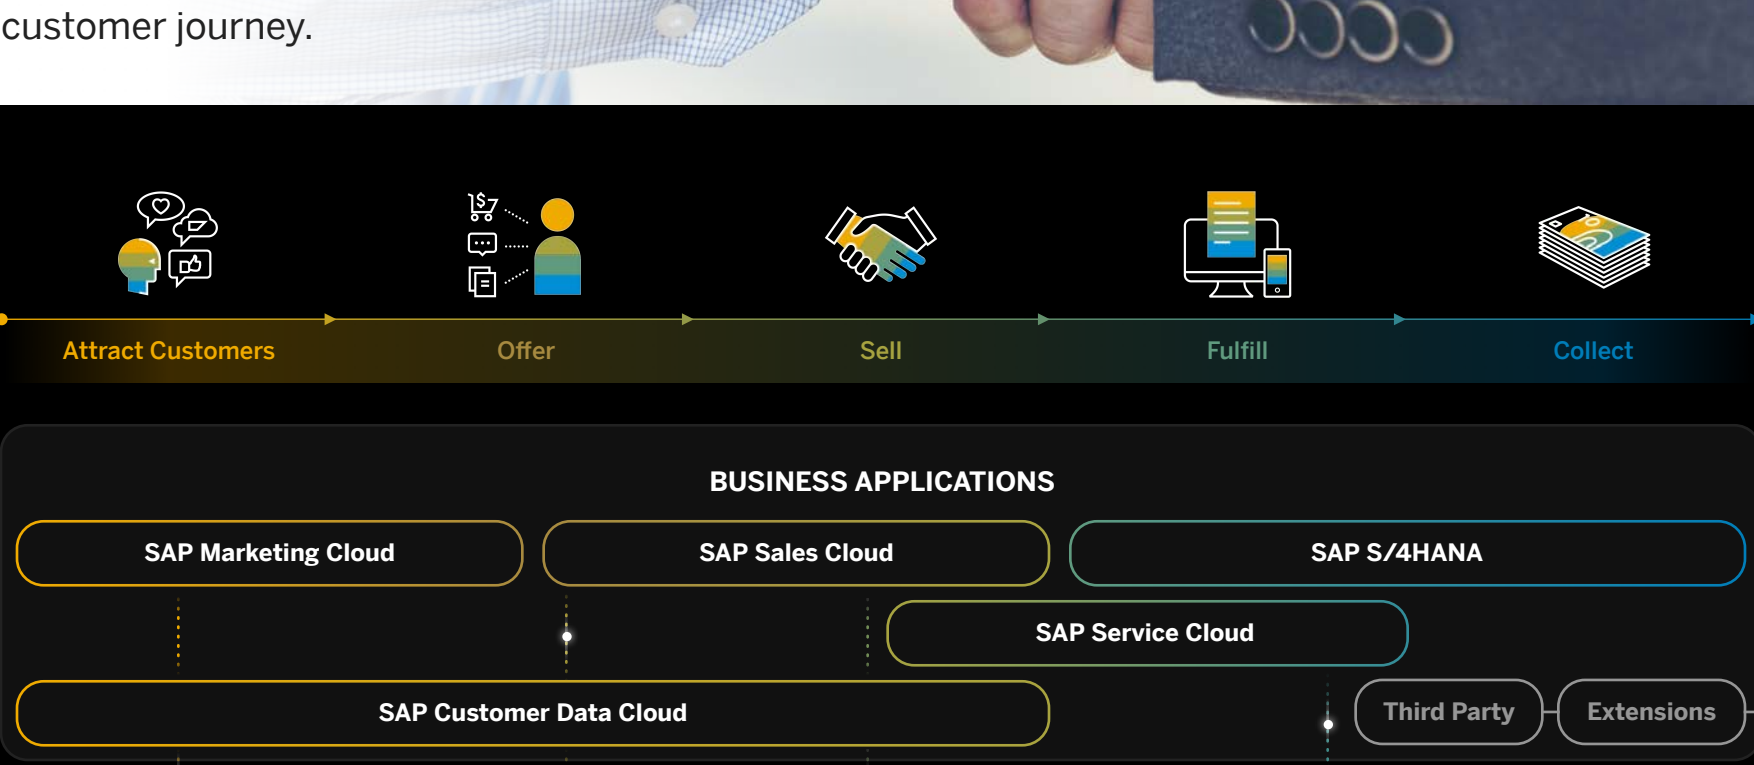

### INTELLIGENT ENTERPRISE BUSINESS SCENARIOS

This goes far beyond technical integration of applications: Holistic integration of both technology and business processes delivers significant value to your business. Accelerate the speed of innovation, lower the risk of integration and reduce the complexity of operations.

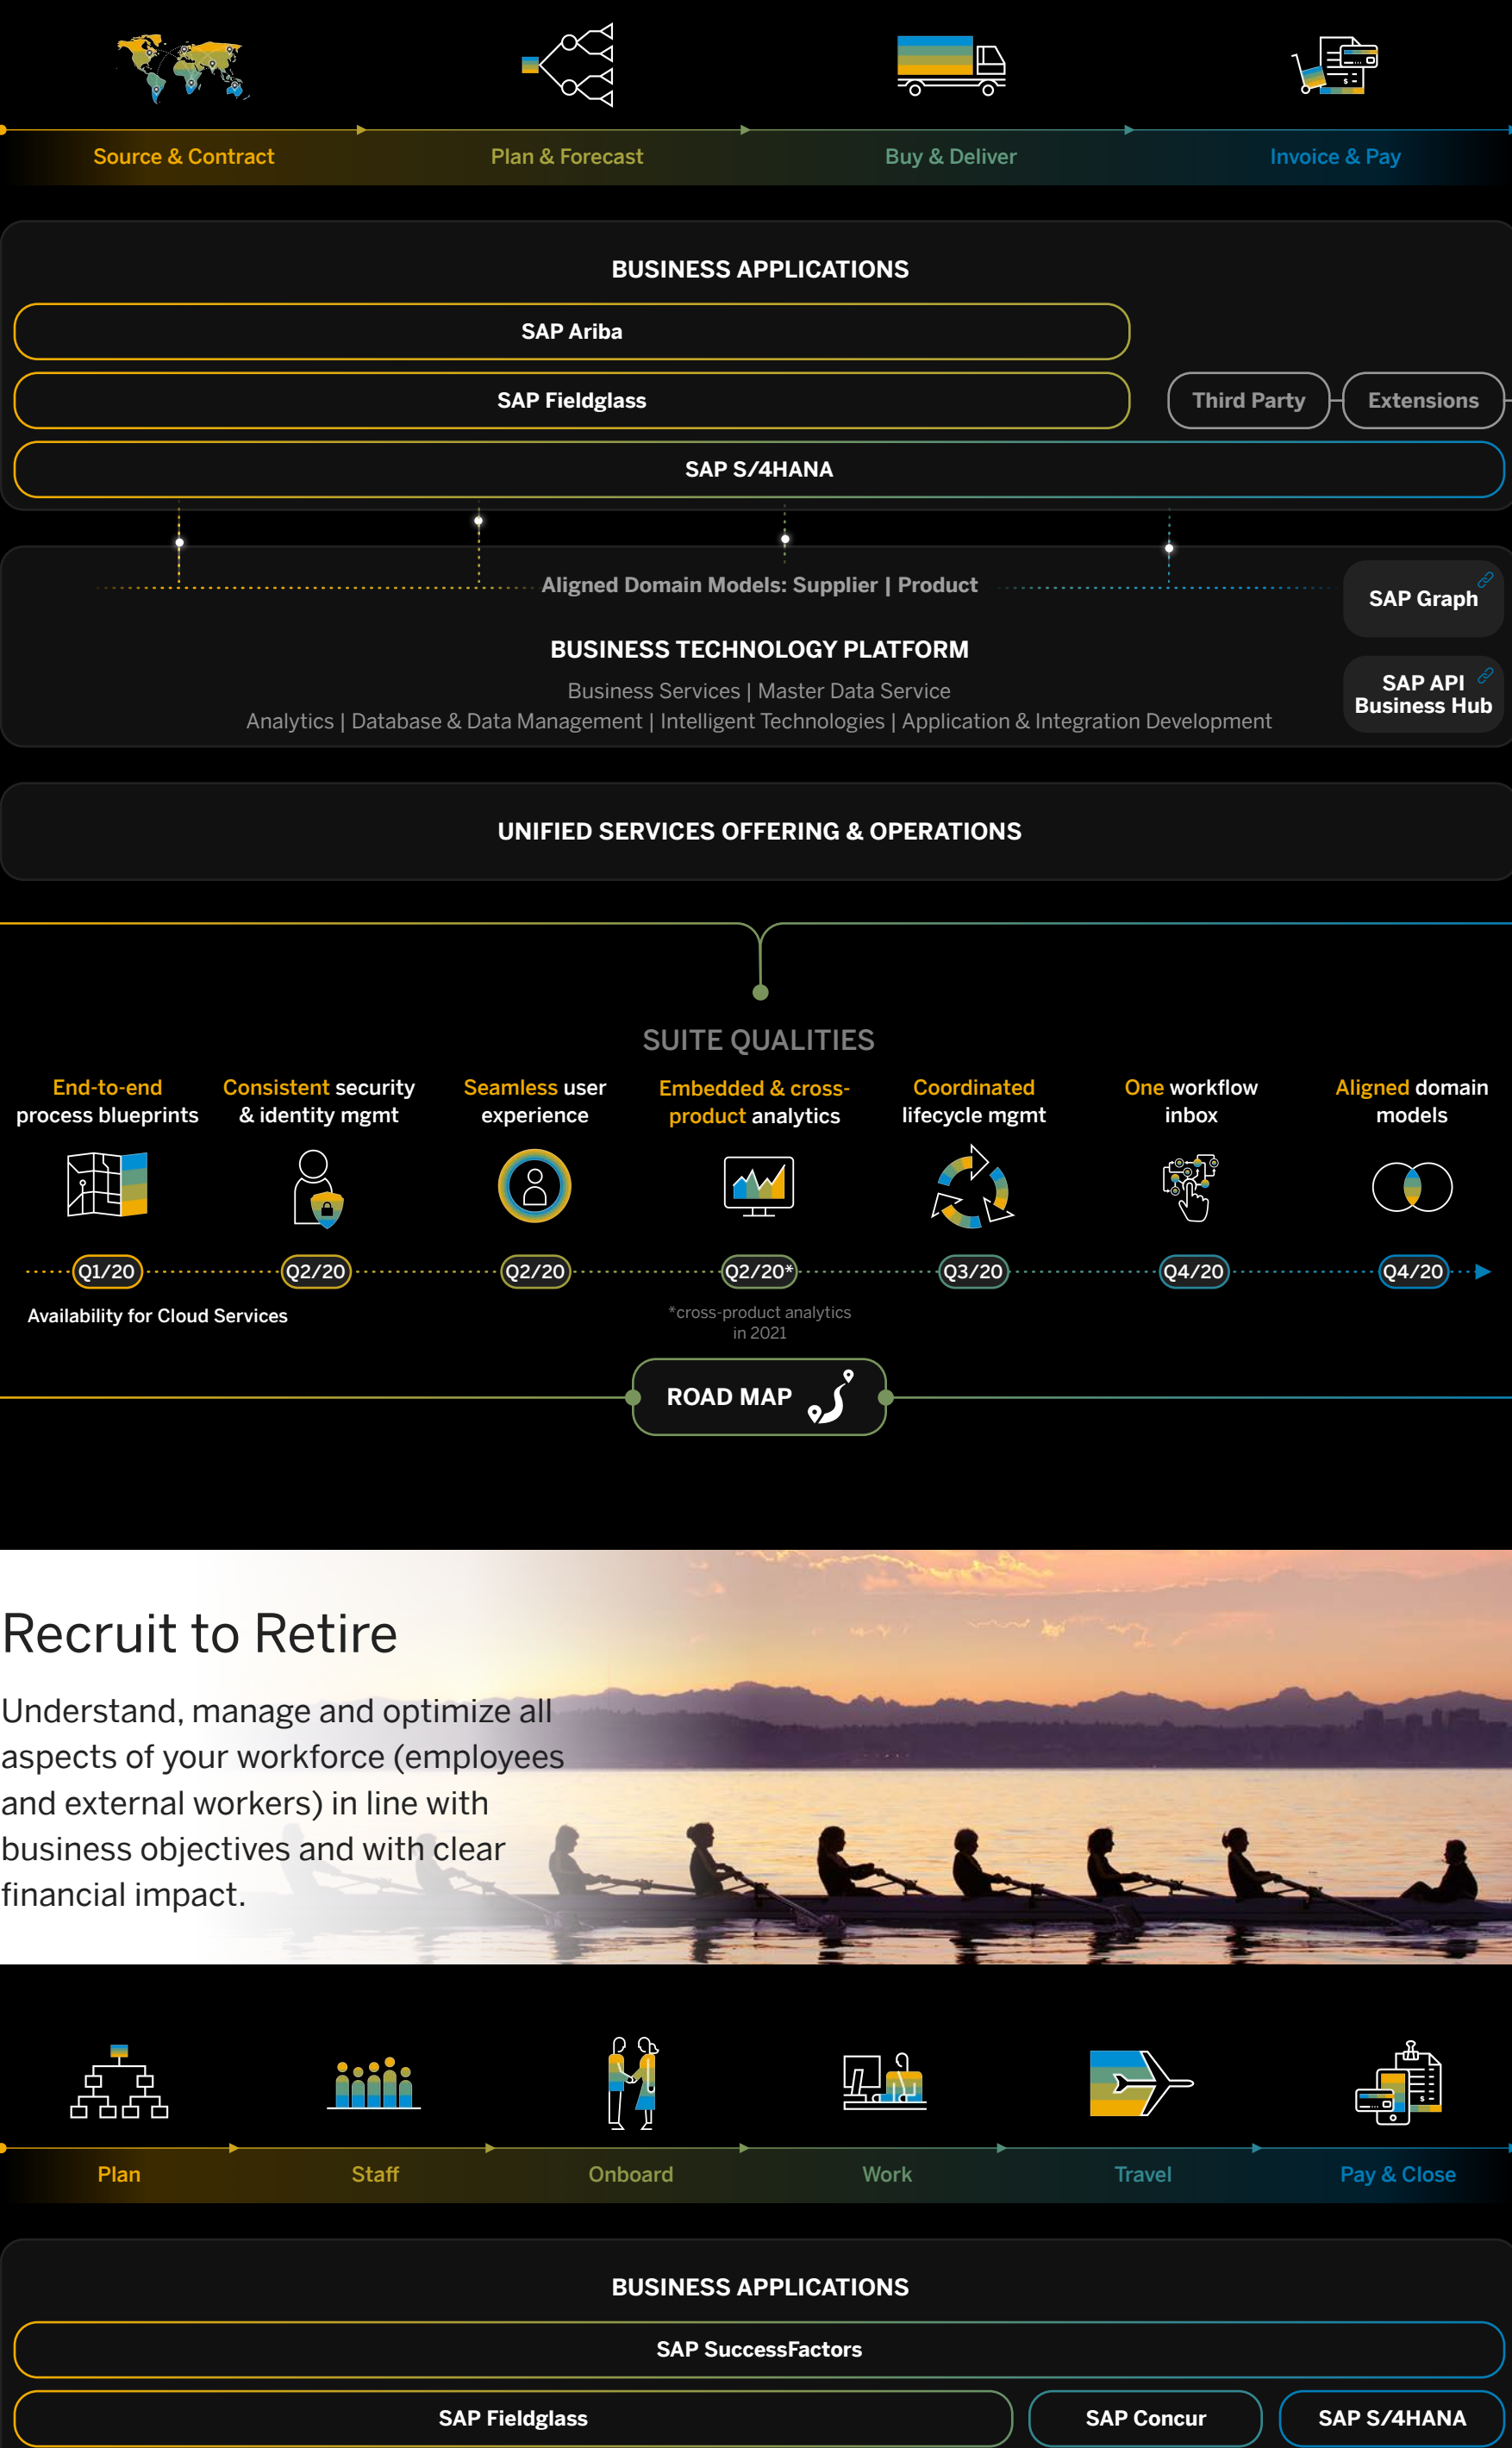

While the integrated intelligent suite from SAP harnesses the full potential of business and technical integration, we also provide integration options that go beyond SAP-to-SAP integration to meet your specific business requirements.

Integration delivers true business value, end to end. Have a thorough look at the key end-to-end processes in more depth.

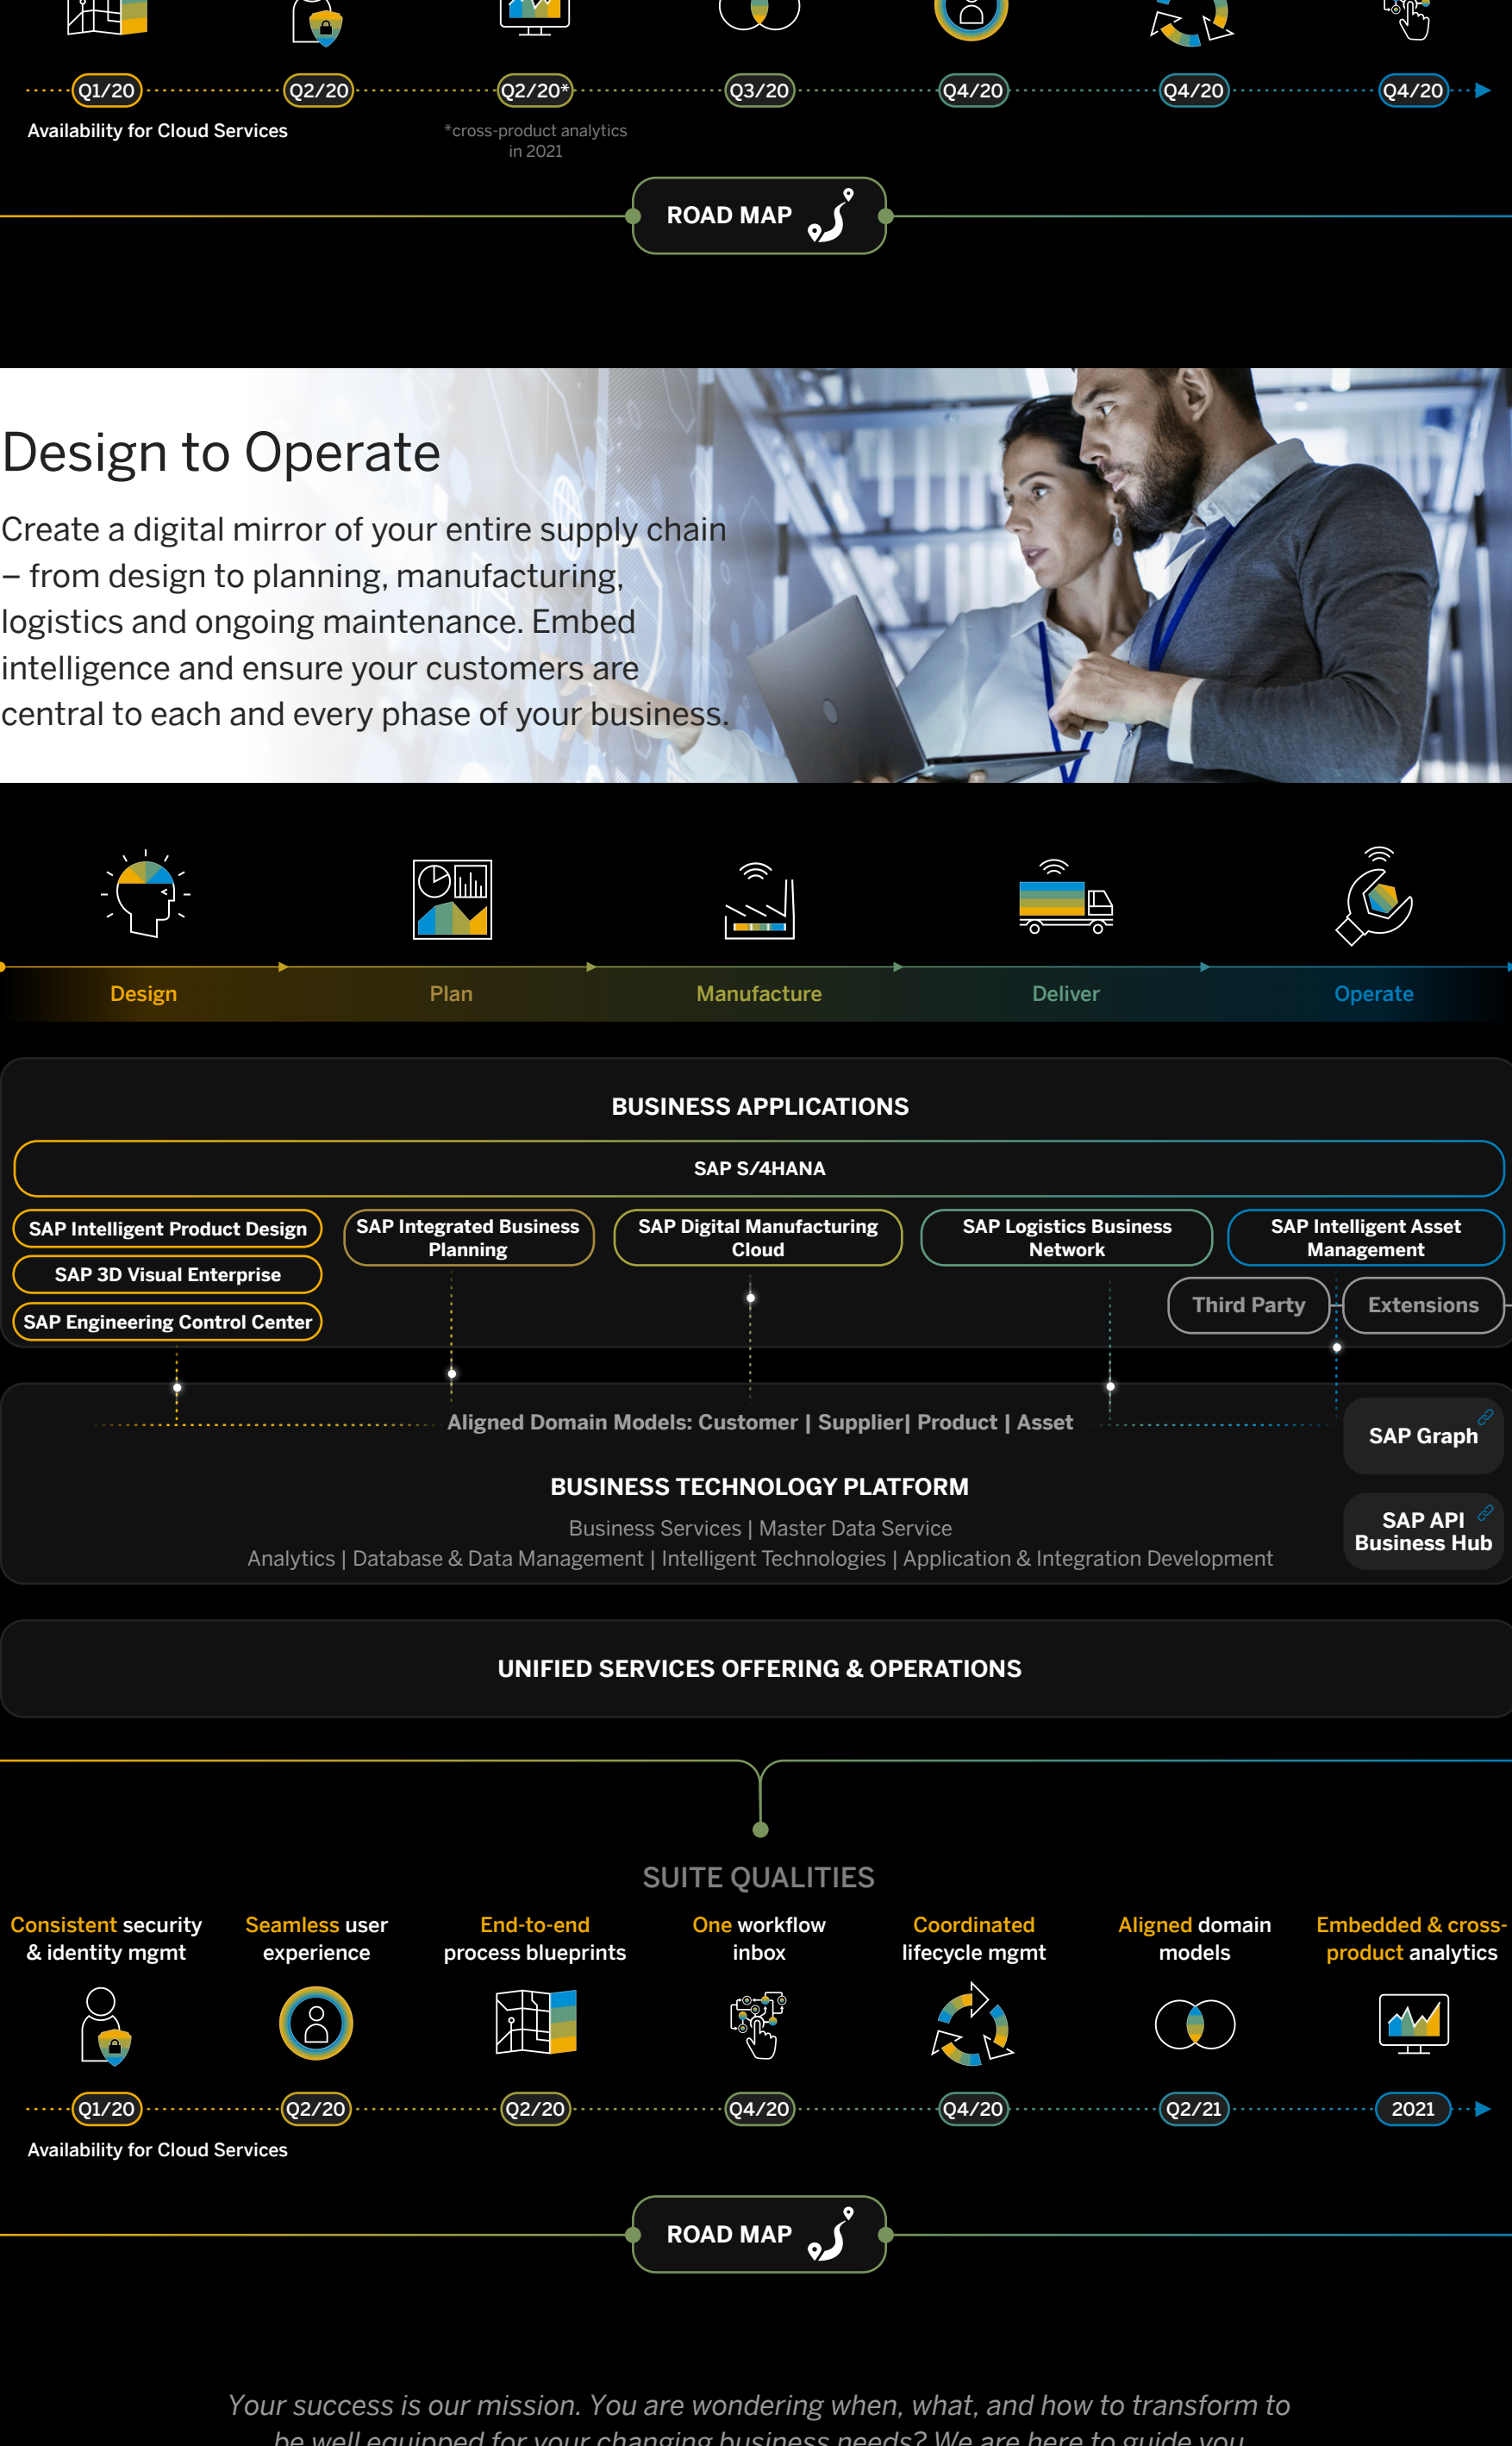

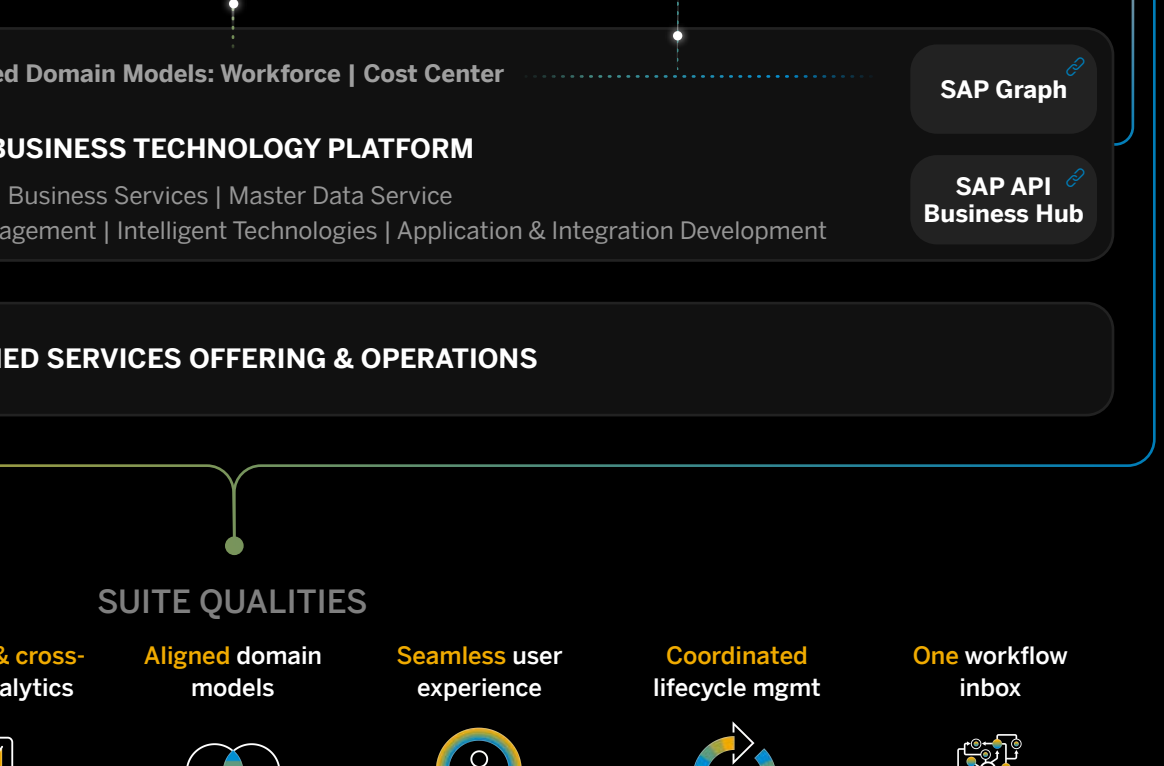

## Lead to Cash

Manage all aspects of the customer experience, from the initial interaction to order fulfillment and service delivery. Drive and realize revenue along the customer journey.

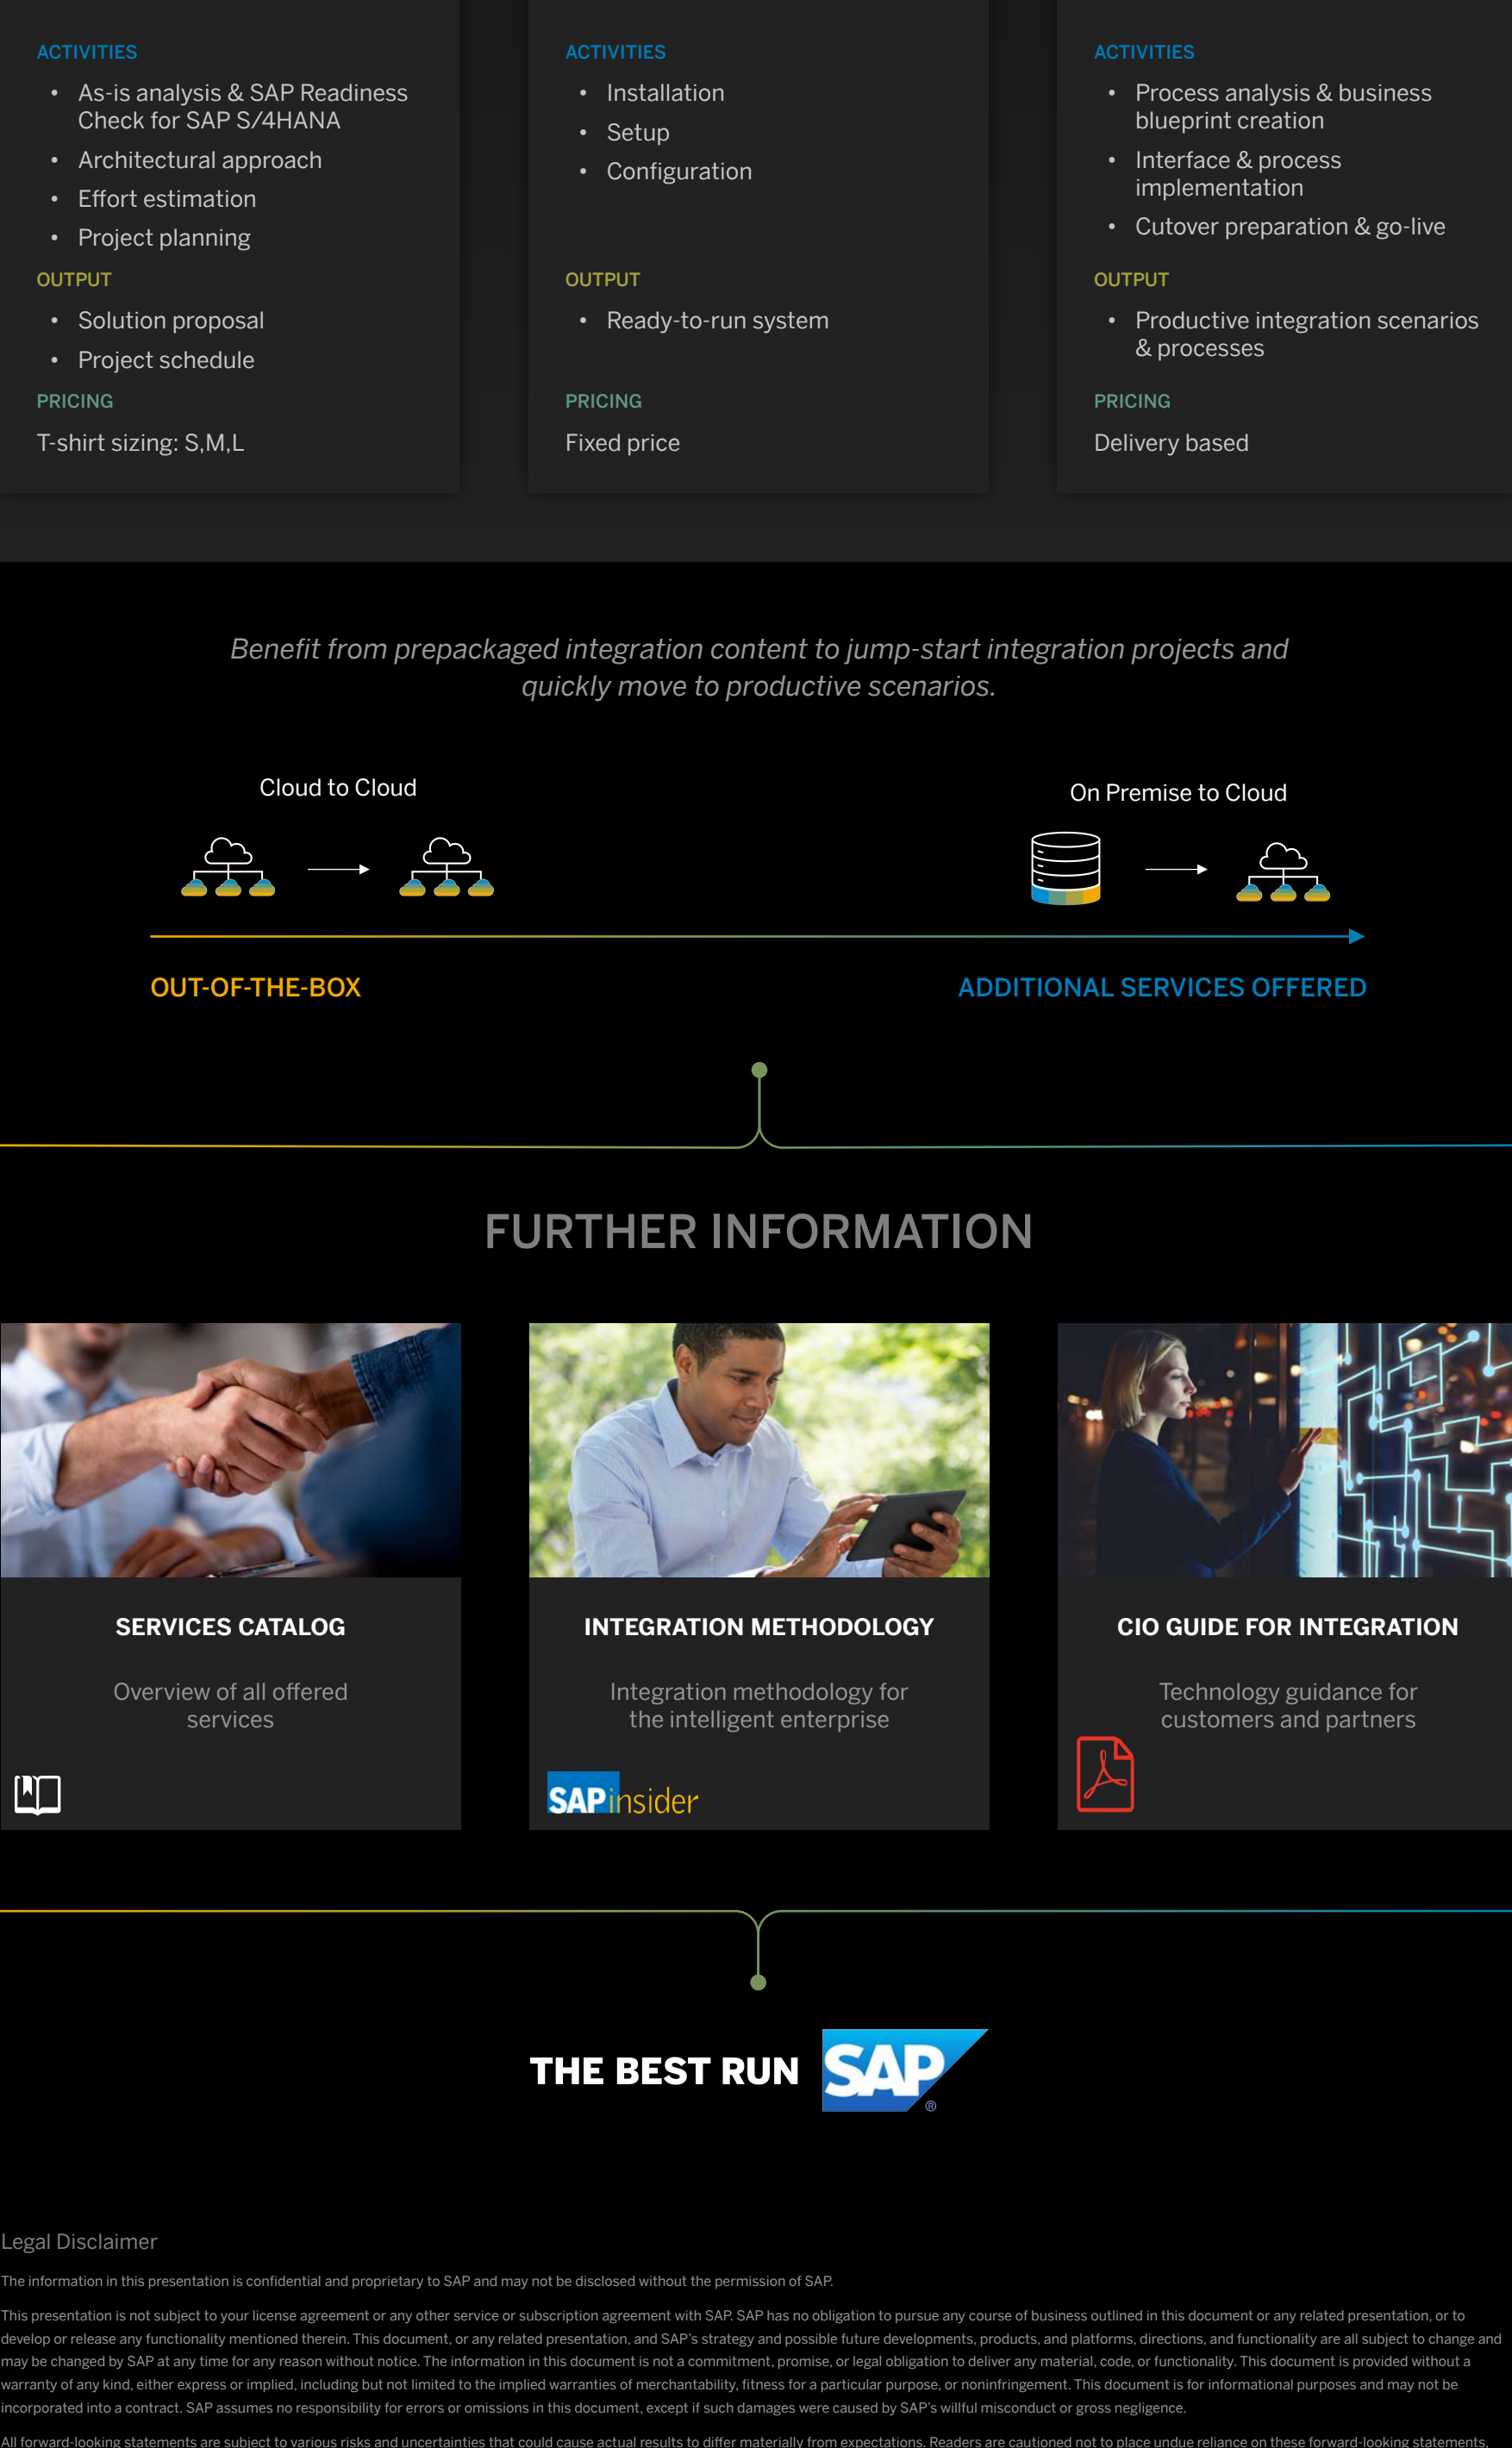

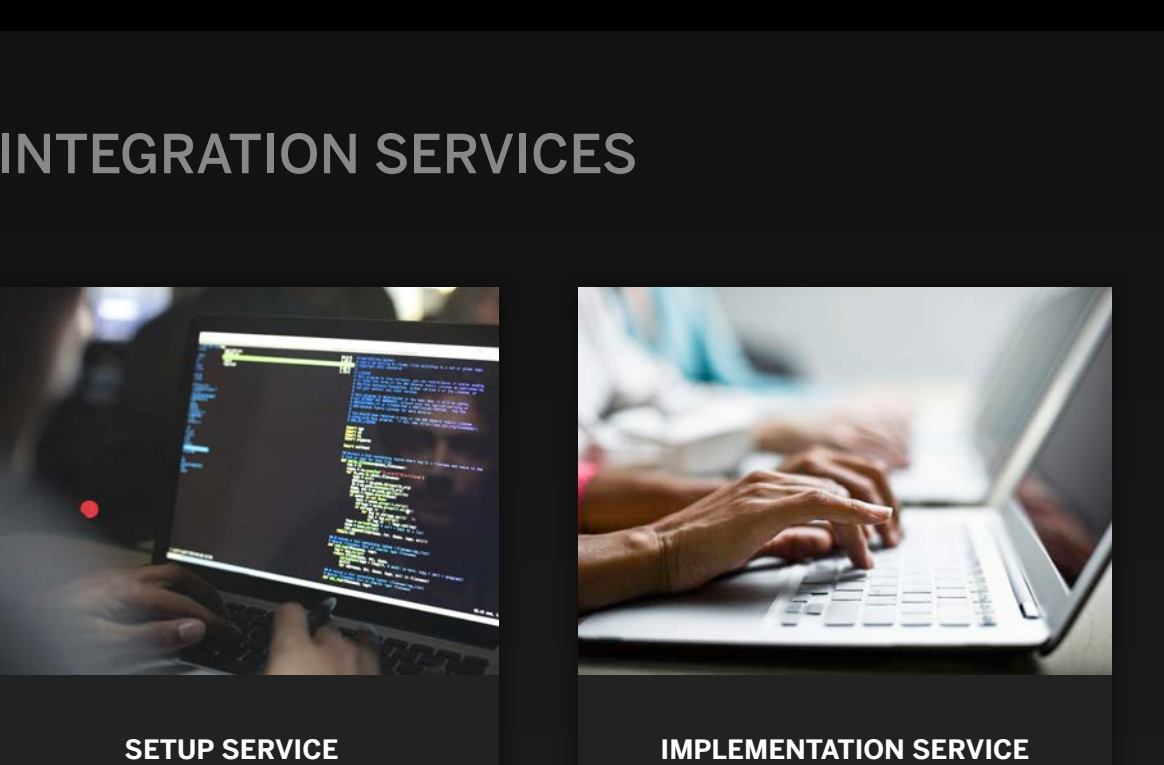

## Source to Pay

Manage all purchasing processes from strategic supplier selection to assuring compliance demands in operational procurement. Analyze and manage spend across business units and drive business value.

## Recruit to Retire

Understand, manage and optimize all aspects of your workforce (employees and external workers) in line with business objectives and with clear financial impact.

## Design to Operate

Create a digital mirror of your entire supply chain – from design to planning, manufacturing, logistics and ongoing maintenance. Embed intelligence and ensure your customers are central to each and every phase of your business.

Your success is our mission. You are wondering when, what, and how to transform to be well equipped for your changing business needs? We are here to guide you through your transformation and to support you along the way.

## SAP'S INTEGRATION SERVICES

Benefit from prepackaged integration content to jump-start integration projects and quickly move to productive scenarios.

THE BEST RUN **SAP**
