# 10 Steps to S/4HANA Bootcamp for Customers

*Brought to You by S/4HANA Regional Implementation Group (RIG)*

**Boost your knowledge and confidence by executing an end-to end system conversion from SAP ERP to SAP S/4HANA.**

S/4HANA RIG Experts explain step-by-step how to convert a system to SAP S/4HANA in ten virtual classroom sessions distributed over a period of four weeks.

Every customer enrolled in this program performs the system conversion activities in a dedicated SAP ERP system provided by SAP.

RIG experts will provide activity documents for each step and will be available to answer questions and assist you through the entire duration of the bootcamp.

If you, as an SAP ERP customer, are planning to move to S/4HANA, this is a great opportunity to get hands-on experience and come out with confidence and a good understanding of what it takes to convert your system. We expect you to participate as a team (Basis, Finance, and Logistics) and complete all the steps.

It comes FREE from SAP to you. Please go to [page 4](#) for registration information.

# Survey Responses from Completed Bootcamps

Survey question: Would you recommend this bootcamp to other customers?  
(On a scale of 1 – 10)

8.89

*“The bootcamp was awesome, fully hands-on and a source of knowledge like no other. Congrats SAP and RIG.”*

*“Fantastic course! It was extremely helpful to attend the sessions for all the tracks allowing to understand the whole process and total effort. Thank you very much, really appreciate it!”*

*“This bootcamp has been well organized and it's been exceptionally well delivered. Any persons that attended this bootcamp and worked through the exercises should be able to handle very well S/4 HANA migration.*

*“This boot camp is a great opportunity for any customer planning to migrate to SAP S/4 HANA. It was very well conducted and the professional expertise of presenters was excellent.”*

*“This bootcamp answered a lot of questions among our teams and helped us build a strong business case for S4 migration”*

*“Good Eye opener for companies trying to go on to S/4HANA. Helpful in understanding the next steps and the key areas to work before starting the conversion”*

*“It was an eye opener experience. A priceless opportunity to learn and ask the right questions to our potential project partners”*

*“I'd like first to thank you for the Bootcamp. It has been a really well organized and executed initiative. A dedicated environment for each customer, a step-by-step conversion driven by experts with a lot of tips and tricks. Impressive! and very useful for the team.”*

# Your Team

**Important:** Three members, one each with Basis, Finance, and Logistics experience, are required per customer team. Additional members from customer organization may be enrolled as guests to join the presentation sessions.

## Basis

Senior technical expert with experience in OS/DB migrations and upgrades.

Main tasks: Technical preparation for system conversion, SUM execution, migration to HANA, Gateway configuration, FIORI initial configuration.

**Hours of commitment: 50 hours (Presentation: ~20 and Hands-On: ~30)**

## Finance

Finance expert with experience in accounting.

Main tasks: Check consistency of finance data, period-end closing activities, posting data snapshot, finance migration to ACDOCA, customizing migration for SAP Accounting, credit management migration.

**Hours of commitment: 30 hours (Presentation: ~20 and Hands-On: ~10)**

## Logistics

Logistics expert with a general understanding of Master data and MRP

Main tasks: Customer Vendor integration, MRP.

**Hours of commitment: 30 hours (Presentation: ~20 and Hands-On: ~10)**

## ABAP (Optional)

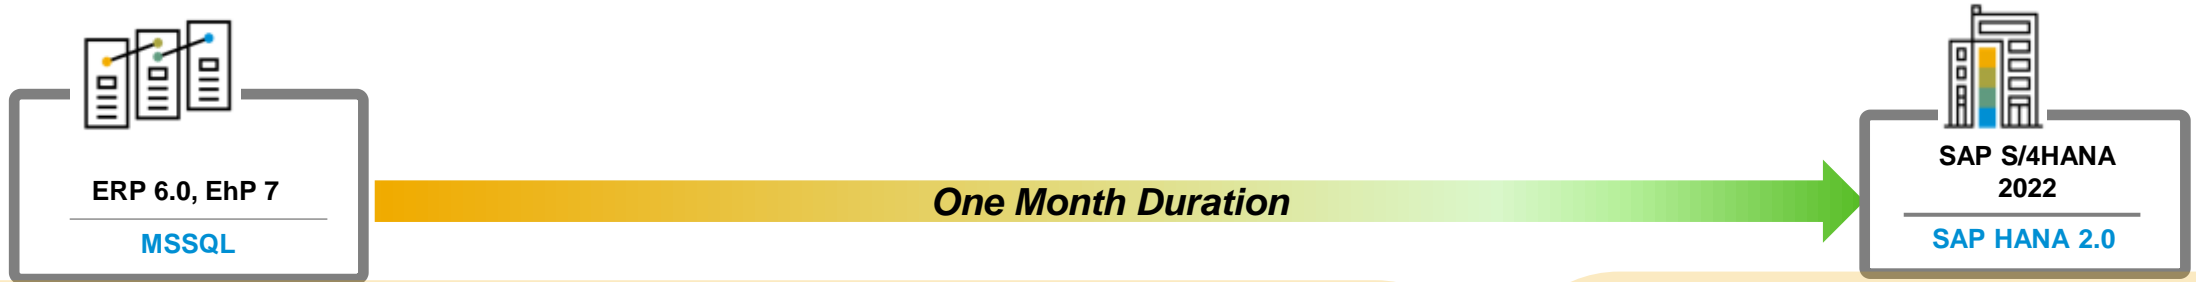

Developer with experience in ABAP development and optimizations.

Main tasks: Check custom code for migration to S/4HANA, fix SPAU and SPDD, and learn S/4HANA Extensibility options.

**Hours of commitment: 10 hours (Presentation: ~5 and Hands-On: ~5)**

# 10 Steps to S/4HANA | Systems and STEPs

## Preparation phase

## Realization phase

System requirements

Maintenance planner

Pre checks

Custom code preparation

Software Update Manager (SUM)

Application specific follow-up activities

**STEP01 (Kickoff)**

STEP02 (MP, Readiness Check, SI-Check, Sizing)

STEP05 (SUM)

STEP06 (FIN-Mig)

STEP03 (Logistics)

STEP07 (Fiori)

STEP04 (FIN)

STEP08 (Logistics)

STEP09 (Cust. Code)

STEP10 (Feedback)

# Disclaimer & Important Information

## What Bootcamp will cover:

- Each customer to convert a single SAP provided ERP 6.0 EhP7 system to SAP S/4HANA 2022
- Hands-on experience in the technical and functional activities for doing a system conversion
- System access for the entire duration of the bootcamp
- Installation and configuration of embedded SAP Fiori
- SAP add-on handling
- Custom code analysis and remediation

## What Bootcamp will not cover:

- Conversion of a customer specific system
- Integration to SAP or third party systems
- Landscape consolidation to embedded solutions (for example from WM to embedded EWM)
- Configuration of new functionality in S/4HANA
